Gentlemen:

We would like to purchase a copy of *Acta Neurochirurgica*,
Volume 12, Section 2, published in 1964 and reporting the
papers presented at the International Symposium in Genoa
in 1963 under the title "Physiopathology of the State of
Consciousness."

If such a volume is available, if you would give us
the price, we will issue a formal purchase order.

Thank you.

Sincerely yours,

Max Fink, M.D.
Executive Director
