University of Tennessee
Memphis, Tennessee 38103

Dear Dick:

I am writing to tell you that I have submitted the report you presented at the Society of Biological Psychiatry Meetings in May to the editor, Dr. Joseph Wortis. In checking your report I found that two of the citations which referred to papers presented at the meeting were incorrect and have taken the liberty of correcting the text and the citations.

Once again, let me thank you for participating in our program.

Sincerely yours,

Max Fink, M. D.
Professor of Psychiatry
