Dear Fritz:

I have just received a letter of inquiry from Dr. Joseph Slap, requesting that I recommend him for membership in the CINF. While I know that there is no formal requirement ~~that~~ membership in the CINF be limited to members of the national society, are you not limiting membership in the CINF to those who have already become members of the ACNP?

If not, I shall send you a formal letter recommending Dr. Slap.

Sincerely yours,

Max Fink, M. D.
