Dear Oldrich,

It was a pleasure to discuss the 1970 CINP program with you in Mexico City. I found the meetings there very agreeable, and hope that our meeting in Prague will provide as balanced an occasion in science, culture, hospitality and weather.

Enclosed is a copy of my letter to Professor Kielholz regarding our program. I am also enclosing an abstract for free communications sent to me by Dr. Gardos, a young psychiatrist working with Jonathan Cole in Boston.

Since the report by Angrist and Gershon does not fit the focus of our symposium, I suggest you consider it for free communications.

Any suggestions regarding our program will be appreciated.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
