Mr. Lewis B. Stuart  
22 Fair Oaks  
Ladue 24, Missouri

Dear Lew:

May I take this opportunity to thank you for the opportunity to discuss our programs with Mr. Sachs last week. While I do not think he was encouraged to be an active member of the Foundation, he is favorably disposed to our mission and may be counted on for assistance whenever that becomes necessary.

Following your visit, the theme of "getting a better press" was running through my mind; and this thought, combined with the Board's request for information about our publications led to the following thought. If our reports were reproduced like the "Mental Health Research in Missouri" survey, the reports would be distinctive as distributed to scientists in other laboratories. If we provided an imprimatur designating publication by the Foundation, the identity of the Foundation and credit for its support would both be achieved. The cost of such reproduction is minimal and easily supported by available funds. Enclosed are samples for your comment.

The response to the boat trip invitations is quite good, and we are looking forward to a fun evening.

Sincerely yours,

Max Fink, M. D.  
Executive Director
