Dear Fritz,

Thank you for the invitation to visit the P.T.D. Committee exhibit at the APA. Unfortunately, I will not be able to attend the APA sessions as I will be at the DAHLEM Conference on pattern recognition. I am interested in the work of the Committee, and particularly therapeutic issues and drug therapy-resistant depression.

If there is a specific contribution that I can make, let me know. I look forward to reading the P.T.D. bulletin.

My regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
