

July 21, 1965

Gordon Marjerrison, M.D., Med.D.Sc.
The Saskatchewan Hospital
North Battleford, Canada

Dear Dr. Marjerrison:

The recollection of a most pleasant morning in New York was stimulated by your letter, and my delay in answering is occasioned not by disinterest, but by questions which are now under discussion in these laboratories. Since my return, there have been administrative and programmatic changes which make the consideration of any new appointments in 1966 difficult at the present time. I very much regret this situation, and if the facts change and I find I can ask you to join me, I will do so, knowing that in the meanwhile you may have relocated elsewhere.

Thank you for your interest and I hope that we will have an opportunity to work together.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
