Dear Dr. McGlashan:

My associates and I anticipate our participation in the June 5, 6 meetings of the ECDEU investigators in Spring Grove. I do not know if we are "due" for an individual presentation. If so, the enclosed summary will be elaborated.

Should it not be "due", you may wish to use this (or abstract it) for the ECDEU Intercom.

Should it be appropriate, I would be pleased to send this summary to the present list of active ECDEU investigators and committee members, if you could supply me with this limited list of names and addresses.

Many thanks.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
