Dear Dr. Rosenzweig:

I have finally had the opportunity to seek the records you requested. I find no records of membership lists, or even of the minutes of early meetings, except the report of the origins of the society written by Sam W. Hamilton, "Notes on the History of the American Psychopathological Association" in the J.N.M.D., 102: 30-53, 1945. Perhaps this report will serve your purpose.

Sincerely yours,

Max Fink, M.D.  
Secretary
