Mr. Earl Ubell  
CBS News  
51 West 52nd Street  
New York, New York

Dear Earl,

If you want to know why research in marijuana is limited in this country, I would suggest you read the enclosed documents which I have just received from the NIMH. This procedure far exceeds any requirement of the Food and Drug Administration with which I have had to comply for any drug since 1952, including hallucinogens and heroin.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
