Mr. Philip Sapir  
Research and Fellowships Branch  
National Institute of Mental Health  
Bethesda, Maryland

Dear Mr. Sapir:

On behalf of the principal investigator, Dr. Turan Itil, we are writing to request permission to expend the sum of \$1,360.00 for specialized equipment to study fluid proteins in patients undergoing pneumoencephalography. Attached is a copy of the recommendation from Dr. James S. Nelson, the neuropathologist for the Division of Mental Diseases.

We have approached Dr. Nelson, requesting his help in carrying out these specialized analyses for the determination of various spinal fluid proteins. I should like to make available the equipment he requests, and the necessary funds are accessible in the grant award.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.  
Executive Director
