Dr. M. L. Clark
Experimental Therapeutic Unit
Central State Grissom Memorial Hospital
Norman, Oklahoma

Dear Dr. Clark:

I have just read the abstracts for the second annual meeting for the American College of Clinical Pharmacology and note that you have completed an evaluation of trifluoperidol.

We have just completed a similar study and I am taking the liberty of sending you a copy. If your report is available, I would be pleased to receive a copy and to add this as a citation in our report which is being reviewed for publication.

Our observations are not as sanguine as those noted in your summary and this has increased my interest in your report.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
