

May 21, 1964

Dr. R. Bircher
Medical Director
Sandoz Pharmaceuticals
Hanover, New Jersey

Dear Rudy:

In reply to your letter of May 7, concerning the use of LSD at this institute, I regret that we have no case records for the period June 7, 1963 to January 7, 1964. Indeed, we have just begun our studies with LSD during the past ten days. In this, we are administering LSD to psychiatric patients in our EEG laboratory to determine the relation between changes in EEG pattern and behavior.

Such information will be made available to you upon your request at some future date.

Sincerely yours,

Max Fink, M.D.
Director
