Dear Joe,

Thank you very much for your kind offer to assist us in evaluating the data coming from our laboratory. We have just completed such a survey and find that many of the questions which were raised require some preliminary work here at the College. As soon as the adjustments are made, my associate, Dr. Richard Resnick will be in touch with Mr. Mushlin.

Incidentally, I do not think that the expenses suggested are at all excessive and we will be glad to have your confirmation of our data.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
