

January 14, 1971

Arizona Biltmore
Phoenix,
Arizona

Gentlemen:

We are planning a 3-day scientific conference for October/November 1971, for 40 participants, and an additional 20 accompanying family members. Your facilities have been recommended to us for this meeting. We have not yet specified the specific date, and I am writing to inquire as to the availability of accommodations, and the costs, including conference facilities.

What are the probable weather conditions in the second half of October?

Many thanks.

Sincerely yours,

Max Fink, M.D.
Executive Director
