Dr. E. D. West  
Belmont Hospital  
Sutton, Surrey, England

Dear Dr. West:

Some time ago I received an inquiry from Miss Stella Walton (formerly, Miss Blogg) who is now living in Spain, regarding a position as EEG technician at this Institute. Miss Walton was referred to me by a good friend, Dr. James Margerison of the Institute of Psychiatry in London. Dr. Margerison suggested that I write directly to you and inquire as to Miss Walton's ability as an EEG technician, her ability to get along with psychiatric patients, and any estimate you can make as to her capacity to participate in research programs entailing considerable statistical work and new electronic equipment.

I should be very grateful for your answer. Thank you for your cooperation.

Sincerely yours,

Max Fink, M. D.  
Director
