Dear Murray,

The membership committee chairman, Al Freedman, has asked that we supply him with an accurate count of the membership, so that he can plan for the additional members to be invited. My lists are not up to date, and I believe that your list is probably the best.

Would you ask your secretary to make a count of the members, less the honorary and other special categories, and let me know ?

Many thanks.

Sincerely yours,

Max Fink, M.D.
