Dear Paddy,

Enclosed are the case reports, rating scale data, blood pressure summaries and other such goodies that you requested in our study of ST-155.

I am also enclosing two copies of our normal standards for the clinical laboratory. If there is any additional information that you would like or if I can assist you in any way, please do not hesitate to call me.

Incidentally, I hope that you will accept my invitation to have dinner with me in Madrid. I can't promise you as good food as the Madison, but I can guarantee that it will be different.

My best regards.

Sincerely yours,

Max Fink, M.D.
