Dr. S. Carson  
Food and Drug Research Laboratories  
58th Street and Maurice  
Maspeth, New York 11378

Dear Dr. Carson:

Separately we are sending all the data available to us for cyclazocine and naloxone. Three reports have been published from this laboratory and they are included as well.

I would appreciate your calling me after you have had a chance to read as much as may be pertinent to the question of the potential solubility of each of these compounds in silastic, so that we can arrange to discuss our interests.

Please feel free to xerox as much as you wish but I would appreciate the return of all of the information when you come to visit us.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
