

April 17, 1971

Dr. Stephen Bernstein, M.D.
ECDEU-FRE
NIMH
Chevy Chase, Maryland

Dear Steve,

I would be most pleased to present a summary of the present status of the EEG profile analysis study program, with a focus on the application to ECDEU missions.

As I will be attending the conference, you may schedule the presentation to suit your program needs.

I do not have a formal presentation worked out, but will put one together and send you a copy before the meeting.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
