December 28, 1962

Boleslaw Skowronski
130 West 49th Street
New York 19, New York

Dear Skowronski:

I thank you very much for your recent letter. I have withheld from replying until I knew whether I would be in New York in the near future. As this seems unlikely, I am writing to indicate that there are, indeed, a number of opportunities for personnel in the laboratories in St. Louis. However, the principle experience reflected in your curriculum vitae is in microbiology. Such a laboratory is not being established at the present time.

I would be grateful to know the kinds of experience you have had, with specific reference to such questions: What biostatistical operations have you carried out?

In what laboratory procedures related to pharmacology are you proficient?

What kinds of work would you like to do in a psychiatric hospital setting?

Again, my thanks for your inquiry.

Sincerely yours,

MISSOURI INSTITUTE OF PSYCHIATRY

Max Fink, M.D.
