

May 11, 1972

Mr. Patrick Siboney
9 Winter Street
Waterville, Maine

Dear Mr. Siboney:

It now looks like I will be unable to visit Colby College this month, and so I am willing to offer you an opportunity to work in this laboratory as soon as school is over:

In New York until we move to Stony Brook in September/October.

As a Research (EEG) Technician at \$7,200/year in training, plus the usual perquisites of fringe benefits (Blue Cross, insurance, holidays, sick leave, etc.) of the College now (and the comparable at SUNY-Stony Brook in the fall).

Enclosed is an application form; complete what you can and return.

I look forward to meeting you.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
