

June 7, 1965

Mr. Manfred G. Gross  
Wien VIII  
Wickenburggasse 3/17  
Austria

Dear Mr. Gross:

We are looking forward to having you join us during the first week of July. Your appointment has been approved by the University of Missouri and an official copy is waiting for you here. I am enclosing a draft of the proposed protocol of the study as well as some of the reports which you may read. The only additional book that I would suggest you read is the one written by Dr. M. B. Bender, *Disorders in Perception*, Springfield, Illinois: Charles Thomas, 1952.

I look forward to having you work with me.

Sincerely yours,

Max Fink, M. D.  
Professor of Psychiatry
