

Req. reprint

April 9, 1964

Dr. Arnold Blumberg
Hillside Hospital
P. O. Box 38
Glen Oaks, New York

Dear Arnold:

I have just seen your report in the Journal of Psychiatric Research. As I am trying to keep abreast of the reports from our Hillside study, I would appreciate a few reprints of this report, and any others that you may have in press.

I am just returning Max's report on imipramine disorganization, and find some of the analyses very interesting. Can you make anything of the changes of blood pressure in these patients?

Sincerely yours,

Max Fink, M.D.
Director
