

November 4, 1970

Dr. J. F. Remarque, Vice President  
Elsevier Publishing Company  
P. O. Box 211  
Amsterdam, The Netherlands

Dear Dr. Remarque:

Supplement 23, "A Selected Bibliography of Electro-encephalography in Human Psychopharmacology", was published in 1965. Is it possible to obtain a count of the number of copies distributed since the printing?

I have been asked if I was planning to issue an up-dated version, and I wonder if the interest warrants the effort. Do such supplements serve a useful purpose?

I would be grateful for your comments.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
