Universita  
V. le Benedetto XV  
I-16132 Genoa, Italy

Dear Walter,

Martha and I had looked forward to your visit; we regret that it was a family tragedy that kept you from us.

We would very much like to see you in the fall. My son is planning a wedding celebration the week-end of November 21-23; and we will probably be away for the Thanksgiving holiday period of November 27-30 as well. But we should be in New York from December 1 until December 8, when I am scheduled to attend the ACNP meetings in Washington, D.C.

The ACNP meetings are followed by meetings of the CINP in San Juan, Puerto Rico December 14-17 and I am scheduled to be in San Juan on Saturday evening, December 13. Turan Itil is organizing a session on EEG imaging in San Juan for Sunday, December 14 at the Caribe Hilton in San Juan. If you and Titty would like to attend, I am sure he will be an excellent host.

Would you come to New York the first week in December? Best would be near the end of that week, and we can socialize on Saturday, December 6 in New York City if you like. Or, would you like to include a visit to Washington, D.C. as well, for the next week?

Let me know what is best for you. My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
