Dear Dr. Flores Amargos,

I am indeed flattered by your invitation to participate in a medical specialty training program in Montevideo, and which I am inclined to accept the invitation, I am aware that there is no suggestion as to what is expected of me. Do you intend to develop courses over extended periods in Montevideo, or single day seminars? Or, do you wish a list of sites to which you can send trainees, much as you did Dr. Savi? I will reserve my answer until I am apprised of the details of your program.

Meanwhile, I am interested in hearing of any programs developed since Dr. Savi's visit here.

My regards to Dr. Lyford-Pike and Dr. Savi.

Sincerely yours,

Max Fink, M.D.
