

Letter

January 14, 1972

Mr. Harbans Lal, Ph.D.
University of Rhode Island
College of Pharmacy
Department of Pharmacology & Toxicology
Kingston, Rhode Island

Dear Dr. Lal:

Thank you for your kind invitation to participate in the volume, "Drug Addiction - Experimental Pharmacology." Our data, relevant to the interest of your readers, was presented in 1971 in Clouet's volume. As the results of our ongoing work are not yet in a form that will allow publication, I regret we cannot contribute to your interesting volume.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
