Professor P. B. Bradley
The Medical School
Birmingham 15, England

Dear Philip,

I will be attending the meetings of the American EEG Society in Atlantic City and I would be pleased to spend as many hours as are necessary to complete the editorial work on the book. If, however, you would prefer to come to the United States a day earlier or stay a day later in New York, perhaps we could work better in my offices. In either case, I will be pleased to make a secretary available and if you bring with you the revised galleys, page proofs, or any other material which may be helpful, this would be the best opportunity for us to get together.

I look forward to welcoming you in the United States.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
