Dear Bill:

Enclosed is the latest financial statement of the Foundation. The only section that needs explanation is the accounts receivable. The Public Health Service has been slow in reimbursing us for the expenditures in the two training grants, MH-8388 and MH-8464. I have written to them and believe that this should be clarified within the next few weeks.

Mr. Schnure elected to list the equity and equipment as a separate item. Is this satisfactory?

We missed you on the boat ride, but look forward to seeing you this Friday at the MAC at 12:30.

Sincerely yours,

Max Fink, M. D.
