18 January 1974

Frank M. Berger, M.D.  
680 Madison Avenue  
New York, New York 10021

Dear Frank:

I am pleased to send you a copy of the report on cyclazocine as an antidepressant and a few other reprints related to the EEG profile method--a method which permits us to anticipate the clinical application of putative psychoactive drugs.

I understand that you have left the formal, quiet halls of industry to enter the more bustling fields of consulting.

My best regards,

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
