

DEPARTMENT OF EXPERIMENTAL PSYCHIATRY

July 3, 1962

Mr. D. Herbert Beskind
President, Board of Directors
Hillside Hospital
Glen Oaks, L.I., N.Y.

Dear Mr. Beskind:

It is with a feeling of excitement that I plan my new duties in St. Louis. Enclosed is a copy of a formal letter of resignation from Hillside. No letter can adequately express my appreciation for the support given me by the Board of Directors during these years. I believe Dr. Strauss would have been pleased, as I trust the members of the Board are, that the studies here have led to such a promising research opportunity.

I leave Hillside with some regret for our many unfulfilled aspirations, and with the hope that the new programs create the therapeutic and research community wished for by all of us.

With my personal regards, I remain,

Sincerely yours,
