Dr. Claus W. Reichle  
Division of Clinical Research  
G. D. Searle & Company  
P. O. Box 5110  
Chicago, Illinois 60680

Dear Reichle:

I would be pleased to meet with you early in January and plan to be in New York most of that month. Please call me at 212 369-7900 Ext. 246 and we can make more specific arrangements.

In your letter you indicate that there has been a report of Lomotil in narcotic addiction. The only material that I have seen has been Dr. Goodman's report. If you have the citation of the original report or a copy of it, I would be pleased for an opportunity to read it before we meet.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
