Chevy Chase, Maryland

Dear Jerry,

Enclosed are two copies of the report "Naloxone  
(N-Allylnoroxymorphone) in Opiate Dependence."

As you know, my coworkers and I are saddened by our  
inability to obtain additional supplies of this compound.  
To us, further studies are important as the therapeutic  
potential of this compound appears extremely high. We  
would appreciate any efforts that you can make to obtain  
the cooperation of Endo Laboratories in further production  
of this compound.

My best regards.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
