

7: letter

September 16, 1966

Dr. Morton L. Kurland,
Assistant Professor
Department of Psychiatry
New Jersey College of Medicine and Dentistry
24 Baldwin Avenue
Jersey City, New Jersey 07304

Dear Dr. Kurland:

I have called the Chairman of the session of the ACNP and find that I am scheduled to present some of our observations in Puerto Rico on December 7 and 9. It would not, therefore, be possible for me to be in New Jersey at that time.

I will be back by December 11, and should be able to participate any time within the next two weeks.

Thank you once again for your kind invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
