Dr. Norman Pitts
Chas Pfizer & Co.
Groton, Connecticut

Dear Norm,

I look forward to your visit sometime in the next few weeks. We are actively involved in the EEG study and I will request a review of the ongoing Doxepin-Chlordiazepoxide study so that I may have some data when you come.

In the meantime, would you please send us an additional supply of doxepin? The present labels read, "Sinequan, 25 mg.," 100 caps/ bottle, (white and black capsules).

Would you arrange to send 12x100?

Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
