

July 20, 1971

Mr. Christian Spahr, Jr.
Lea & Febiger
Philadelphia

Dear Mr. Spahr,

Thank you for your kind offer. My selections are:

Everett: Functional Neuroanatomy

Grollman & Grollman: Pharmacology

In the event you are interested in publishing an unusually fine symposium on drug abuse, the British Pharmacological Society has just held a symposium on "Narcotic Agonists and Antagonists" in Aberdeen, Scotland. The chairman of the program group, Dr. H. W. Kosterlitz, is seeking to publish the manuscripts. He can be reached at the University of Aberdeen, Fosterhill, Aberdeen, Scotland.

Sincerely yours,

Max Fink, M.D.
