Dr. Joyce Small, M.D.  
1315 W. Tenth Street  
Indianapolis, Indiana 46207

Dear Joyce,

It was nice spending some time together in San Francisco,  
and I very much enjoyed your presentation at the SBP.

I am writing to ask you send me a copy of the letters  
from (and to) Joe Bird of Sterling Winthrop regarding cyclazocine.  
I am distressed that they are discouraging testing of this interesting  
compound. I don't think I can do anything directly, but I do talk to  
Joe Bird occasionally and I may be able to have him review his decision,  
if I know the basis he gives.

Many thanks, and my congratulations to Iver on his election  
at SBP.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
