Dear Don,

I have recently been asked to give a few lectures on the pharmacology of the opiates and the antagonists. From a list of the contractors for the Marijuana Commission, I recall that you have written a report on the pharmacology of opiates, particularly heroin.

I would be grateful if you could make a copy available to me. I recognize that this is a preprint, and will give appropriate credit.

Many thanks.

Sincerely yours,

Max Fink, M.D.

P.S. In the spirit of exchange, I am enclosing a copy of my report to the Commission.
