Dear Lorraine:

On my return from my holidays I found the announcement that the National Clearinghouse for Mental Health Information provides a new service. As you know, I have decided to go ahead with the development of our own information retrieval system and we are developing a heuristic descriptor list.

I plan to be in Washington later on this month and should like to take the opportunity to call you at that time and arrange, if possible, to meet with you for a few minutes to discuss the possibilities, if any, of collaboration.

The galley proofs of the EEG bibliography have been returned in final form and I believe the volume is now in press and should be available soon.

Sincerely yours,

Max Fink, M.D.
Director
