Dr. James Williams
Department of Political Science
SUNY at Stony Brook

Dear Dr. Williams,

We understand that the Department has a sorter, which is available for the use of other Departments from time to time. We occasionally need the sorter for 1-2 hours to regroup data from ongoing studies.

Mr. Ira Snapper is responsible for the work under my direction, and I would be grateful for any assistance or permission you may be able to give him. Should it be possible to make a key available for his use, we will accept the responsibility.

Many thanks.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
