Dear Dr. Keup:

Thank you for your kind invitation to participate in the 1969 annual meeting of the EPRA. I would be pleased to review the EEG effects of various hallucinogens, proposing a classification based on the central neurophysiology. An approximate title is "Neurophysiology of Hallucinogens - Sympathomimetic, Anticholinergic and Opiate", and will best fit in section 3b-c.

I would like to propose the following participants for your consideration:

1. Dr. Itil: 3c, 3d
2. Dr. Roubicek: 2b, 4b, 4c, 4f
3. Dr. Arthur Zaks: 3g
4. Dr. Jan Volavka: 1c

Thank you for your invitation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
