Dr. Arthur Sugeran
New Jersey Neuropsychiatric Institute
Box 1000
Princeton, New Jersey

Dear Arthur:

I am returning the applications and find that in reading them, I agree with your estimates. I would be grateful if you would indicate to Drs. Smith, Gordon, Don and Mulcahy that similar research opportunities to your own exist at this Institute. It is apparent that Dr. Seymour would be a fine candidate and when she reapplys, if at that time you have no opportunity for her, I should be grateful for your recommendation.

I should be very pleased to hear from any of these candidates. It may be of help to indicate that this is a new research center, in metropolitan St. Louis, with programs affiliated with the Washington University School of Medicine. I don't think that more detail would be necessary except to state that we have a role in the Midwest very similar to yours in New Jersey.

Many thanks.

Sincerely yours,

Max Fink, M. D.
Director
