Dr. P. Deniker
Clinique des Maladies Mentales
Hopital Fain te-Anne
Paris,
France

Dear Dr. Deniker:

Dr. Itil and I want to take this opportunity to thank you and your associates for your many kindnesses during our recent visit. I would also like to thank you especially for the supplies of Equanil, which we are introducing into our study of psychotropic drugs affecting brain function in volunteer subjects.

You must know that the observations with Gamma-OH are most fascinating and I do hope that you will present some of your observations during the forthcoming CINP Meeting.

We look forward to seeing you in Washington in March, unless there is some opportunity sooner to meet.

My best personal regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
