

October 8, 1970

Dr. Richard Steinbach  
Professor and Chairman  
Georgetown University Hospital  
3800 Reservoir Road, N.W.  
Washington, D.C. 20007

Dear Dr. Steinbach:

Dr. Amelia B. Donesa is an internist who joined my staff in 1967, and served until 1969. While working in our drug evaluation programs, she became interested in clinical psychiatry and began her residency training here.

She is bright, enthusiastic and friendly. Her language comprehension and speech are good.

I am pleased to recommend her continued training in psychiatry.

Sincerely yours,

Max Fink, M.D.  
Professor of Psychiatry
