

December 2, 1965

Messrs. E. Munksgaard
6 Norregade
Copenhagen, Denmark

Gentlemen:

Please send me the following EEG Supplement, as advertised in the August number of "The EEG Journal," volume 19, 1965.

THE BARBITURATE WITHDRAWAL SYNDROME:
A CLINICAL AND ELECTROENCEPHALOGRAPHIC
STUDY. M. Hertel Wulff, Munksgaard,
Copenhagen, 1960, 176 pages, \$4.00.

The order card to be used by subscribers to the journal for obtaining special rates was, unfortunately, omitted when the separate numbers of volume 15 were bound.

Remittance for the supplement is enclosed. Thank you very much.

Sincerely yours,

Max Fink, M.D.
Executive Director
