

September 18, 1963

Dr. Enoch Callaway  
Chief of Research  
Langley Porter Institute  
401 Parnassus Avenue  
San Francisco 22, California

Dear Noch:

It was a pleasure having you visit with us. After discussing your program, I look forward to visiting you during the American EEG meetings. I have not yet received the programs. I will write to make a definite appointment when I do.

I am writing to ask whether you would like to participate in the proposed symposium of the Section on Brain Function and Behavior of the APA in Los Angeles next May? Charles and I have set up a symposium "Newer Approaches to the Study of Brain Function in Relation to Psychiatry". Participants already invited include, John Stern, Carl Pfeiffer, (Goldstein), Charles and Turan Itil. If you would like to present some of your material as part of this symposium, can you get an abstract back to me before next Thursday (September 26, 1963) as I must submit the abstracts to the Program Committee by October 1st?

I am also enclosing an announcement of the ACNP Round Table and look forward to having you join us at that time.

My best regards,

Sincerely yours,

Max Fink, M. D.  
Director
