Dear Dr. Wienckowski:

RE: NIH-M-RGB MH-07249-02

In response to your letter of October 4, and because of the confusion occasioned by our secretarial review of September 14, I have requested the accountants of the Foundation, Elmer Fox & Company, to review our expenditures and answer your request. Enclosed is a revised copy of the expenditures report on MH-07249-02. The accountants indicate that the schedules on pages 2, 3 and 4 are correct but that the error was in the calculations of indirect costs, as you have suggested.

We regret very much this confusion and trust that this clarifies this question.

Sincerely yours,

Max Fink, M.D.  
Executive Director
