Dear Mrs. Woodward:

I am enclosing the Scientific Exhibit Application forms for the 1967 APA meetings in Detroit. Because this exhibit requires considerable electronic equipment, I have been advised by the IBM representatives that six foot depth is probably too narrow and that twelve foot should be requested. Since the equipment will be operating, the availability of up to forty foot will provide sufficient space for accommodation of the service personnel.

We will require a title sign, but I would like to reserve this collaboration for a few weeks until we have had an opportunity to outline the remainder of this exhibit. As soon as this is done, I would like to send you some drawings and a decision can then be made as to the necessary sign.

Thank you for your cooperation.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
