

March 28, 1968

Dr. Sidney Merlis
Director of Research
Central Islip State Hospital
Central Islip, New York 11722

Dear Sid,

I have received a letter from Sol Goldberg suggesting that I send you the three preprints which are enclosed. These reports have been recently sent to Dr. Wittenborne in the summaries of the 1967 meetings of the ACNP.

I hope that I quoted your mescaline studies accurately in the phantastica report.

My best regards.

Sincerely yours,

Max Fink, M.D.
Professor of Psychiatry
